SELECTMEN'S REPORT

The year has seen progress on several projects which have been on our "must" list for sometime. One item is the start of the Housing for the Senior Citizens. Construction was finally started last fall with the hope for completion by midsummer. Much interest has been shown in the apartments with a long list of those who hope to live there.

The new reservoir project was completed and the area partially fenced in. We will be requesting funds to complete the job as Pike Industries assured us they would give us fencing at the same price as last year. This is an offer we cannot afford to miss.

We have two C.E.T.A. employees working for us, one with the Public Works Department and the other with the Police Department. These wages are reimbursed to us by the U. S. Government.

The new recreation building has been completed and a skating rink built at the ball field north of the village. Because of the distance and lack of proper facilities for the skaters it is hoped that the rink can be moved to a permanent location across from the high school. Many townspeople have expressed their concern for the safety of the children using it.

We have been advised by the Department of Revenue Administration that the \$115,000.00 received from EPA last year must come out of the Capital Reserve Fund, be put into an account by itself and used only for the construction of our sewage and water systems; the transfer has been made.

The biggest problem we face is the upgrading of our sewage system. This is required by law which places a tremendous burden on us all to see that it is financed and completed. We are required to separate the storm waters from the sewage as the storm waters are placing a great stress on our lagoons. An item is in the Town Warrant to start.

The project to re-route Winter Street was abandoned by the N. H. Highway Department because of objections by the people living there. We now have another project in that area, that of strengthening the banks of Roaring Brook so it will not flood over onto the Philip Oakes property. An article in the warrant is there to provide our share of the costs together with that of the U. S. Army Engineers.

We still have to install chlorinators at Northumberland and in the Merle Damon area of Last Nation. Our difficulty in obtaining the necessary units caused the delay. However, the State has now advised us there has been a change regarding Northumberland so we will have to keep you posted of their decision.

Our tax map project is progressing and you will find a report from Planning Maps, Inc. elsewhere in the Town Report. If we had had the maps while assessing last year we would have saved a great deal of trouble in establishing the new values on property.

Our ambulance crew continues to serve us well and we are most grateful to them for their faithful service. The new ambulance has been well used and the old one pressed into service for transfers and has been used several times in concert with the other.

We look forward to another full year with advances being made on those projects that are in progress. The town is in good financial condition, a fact about which many other towns cannot boast.

SCHEDULE OF YEARLY RATES FOR WATER AND SEWER

Effective January 1, 1978

	Water	Sewer
1. One Family House	\$26.00	\$36.00
2. Two Family House	44.00	58.00
3. Three Family House	66.00	86.00
4. Plus for each additional family unit	22.00	28.00
5. Stores, Offices, Shops	22.00	28.00
6. Garages and Filling Stations	32.00	44.00
7. Restaurants and Lounges	44.00	58.00
8. Motels (per unit)	12.00	14.00
9. Swimming Pools	22.00	28.00
10. Cattle Barns - \$1 per head(max.)	60.00	60.00
11. Such other Commercial Rates as may be necessary		
12. Rebates for vacancies will not be allowed unless service is shut off at the Town main, and the Town office is notified in writing.		
13. New House Connections	50.00	50.00

Is is with regret that we find it necessary to raise both the water and sewer rates effective as of January 1, 1978. Due to the ever increasing costs we find we must increase the rates.

Board of Selectmen

Town of Northumberland

AUDITOR'S REPORT

JANUARY 1978

This is to certify that we have examined the accounts of the Selectmen, Town Treasurer, Town Clerk, Tax Collector, Water Collector, Library Trustees, Trustees of the Trust Funds, Municipal Court, Youth Center Commission, Senior Citizens Fund, Water Fund, Sewer Fund, and Chief of Police, and found them correct with proper vouchers.

Leo Rich
Robert Penney

LIBRARY REPORT

During this year we have made some changes within the library. First, we needed new shelving as we were running out of shelf space for our books. New shelves were bought and the books were then moved.

There is now an island in the library where you will find reference books for adults, young adults and children. The Card Catalog is also in the island so it is easier to look up books.

The adult non-fiction books and the reference books have all been put in one area. It is easier now for adults and students who are working to do their work in one place with the books. This also makes it easier on the library staff as everything is in one area and we can help a student or adult much faster without going from the area to get books.

Another change is that there is now a section where adults can come and read, away from the other sections. In this section there are comfortable chairs and a large table to work on.

Mrs. Jeanne Bushey, our custodian, has added a very nice touch to our library, hanging plants in every window. Several of our patrons have complimented us on how attractive our plants are and how nice they look in our library.

Brownie Troop 237 had a display in our library about animals and where they live, what they eat, habits, etc. Their leader is Mrs. Yvette Viger. This is one of many local groups who use our downstairs room.

Our library has a new railing at the front entrance. It was put in for the convenience of all patrons. Mr. George Ververis did the work for us.

I wish to thank the Bookmobile Staff at the State Library Northern District Office in Littleton, N.H., Cynthia Miller, John Wright and Mr. Paquette have really been terrific in getting books for our patrons, answering any questions we have and just being there when we needed them. Our library borrowed from the Bookmobile a total of seven hundred sixty-two books (762). This includes adult fiction and non-fiction as well as juvenile books.

Our summer reading program was done differently this year. Instead of the children coming to the library for two hours once a week, they had to read at least five (5) books a week on their own at home. Each child was questioned on some of the books they read, as we wanted to be fair to all the children who read their books. The program began June 24th, 1977 and ended August 26th, 1977. At the end of the summer the children who read the most books were each given a special reward. Stacie Sheltry, daughter of Kathy Sheltry, read one hundred fifty-one (151) books. She was in the first grade at the elementary school. The other top readers were Rochelle Young, Douglas Young, Sandra Beliveau, Monique Houle, Douglas Blodgett, and Lucy Houle. Any child who wants to participate in the summer reading program, has to have been in the first grade at the end of the school year and the oldest have to have been in the sixth grade at the end of the school year. The children come into the library, sign up and each book they read is recorded throughout the summer.

This year I took another course in Library Science at Plymouth State College. This course was on reference books for the libraries. It was most interesting and hard, but I learned so very much. We had reference questions each week to answer, there were 20 questions each lesson and we had to use the reference collection at Plymouth State College Library. I enjoyed the course very much and each of the other Librarians were all very helpful.

I wish to thank the patrons of our library for making my job so enjoyable. I wish to thank Forrest Maguire, John Pepau, and also

William Boudle for all their help and assistance when I needed it.

I also want to thank the Trustees for help and advice that they have given to me. I wish to thank Helen Carver, Assistant Librarian and Fran Rich, Library Treasurer for all their help and support.

Respectfully submitted,

Sandra L. Cross, Librarian

GROVETON VILLAGE PRECINCT

To the inhabitants of Groveton Village Precinct qualified to vote in Precinct affairs:

You are hereby notified to meet in Ryan Gym at the High School in said Precinct on Friday, March 31, 1978, at 7:00 p.m. for the transaction of the following business:

- ARTICLE 1: To choose by ballot, a Moderator to preside over said meeting.
- ARTICLE 2: To choose by ballot, a Precinct Clerk for the ensuing year.
- ARTICLE 3: To choose by ballot, a Precinct Commissioner for a period of three years, and any other officers, agents and auditors for ensuing year.
- ARTICLE 4: To see what sum of money the Precinct will vote to raise and appropriate for the payment of Precinct Officers salaries, Firemen's salaries and Payroll, and such other incidental expenses as may arise within the Precinct. (Recommended \$18,355.00)
- ARTICLE 5: To see what sum of money the Precinct will vote to raise and appropriate for the Cleaning of Streets and disposal of rubbish. (Recommended \$16,000.00)
- ARTICLE 6: To see what sum of money the Precinct will vote to raise and appropriate for the purchase of new hose and equipment. (Recommended \$1,500.00)
- ARTICLE 7: To see what sum of money the Precinct will vote to raise and appropriate to the Capital Reserve Fund, established for the purpose of purchasing a pumper fire truck, said money to be deposited with the Trustees of Trust Fund until needed for the new equipment.
- ARTICLE 8: To see what sum of money the Precinct will vote to raise and appropriate to the Capital Reserve Fund, established for the purpose of purchasing general type of new equipment, said money to be deposited with the Trustees of Trust Funds until needed for the new equipment.
- ARTICLE 9: To transact any other business which may legally come before said meeting.

Given under our hands and in seal this 27th day of January A.D., 1978.

C O M M I S S I O N R E P O R T

The Commission has not been as active this past year as hoped, but we did get a few things done.

We have received permission from the State to riprap the river bank beside the Covered Bridge when we get completing our "Horizons '76" park project there. We are please to advise you that we have received permission to put in a small park in the center of town across from the present one. Work will begin in the spring and we hope to make progress on both parks.

On the Fourth of July we buried our Time Capsule. Under the able direction of William Paradis the capsule was made, the material gathered for it and the hole dug. The capsule was carried as part of the holiday parade. The march stopped at the War Memorial Park where the capsule was buried, not to be opened for one hundred years. There will be an appropriate marker purchased this year with the inscription of what it is and when it is to be opened. Bill gathered a wealth of varied materials for it. He obtained books and papers from our churches, records and pictures of the Bicentennial Commission itself, pictures and stories of organizations in town, a Bicentennial coin, something from the American Legion and a wealth of other things. We are most grateful to him for all he did.

Letters of certification were mailed or given to the purchasers of our silver Bicentennial coins. We still have bronze ones left for anyone who would like to purchase one.

The Commission wishes to remind you that our work has not been completed and we hope to have your cooperation in the future as we did during the Bicentrennial year.

Natalie M. Potter - Chairman
Arlene Moses - Co-Chairman
George Ververis - Co=Chairman

NORTH COUNTRY COUNCIL, INC.

REPORT FOR 1977

Planning Services: NCC provided technical assistance to communities in a number of areas such as comprehensive planning, assistance with subdivision regulations, or reviewing development proposals. Thirty-five towns have received some type of direct service from the Council. In Northumberland, the NCC assisted school district officials in the preparation of a successful LPWA Round 11 application totaling \$381,000 for an addition and renovation to the Groveton High School. They provided information on HUD (Department of Housing & Urban Development), and Small Cities Program guidelines.

Economic Development Grantmanship: NCC worked closely with the Economic Development Administration of the US Department of Commerce, the Farmers Home Administration, the Bureau of Outdoor Recreation, and HUD to bring a greater amount of financial resources into the Region. NCC attempts to be aware of the many federal grant programs that would be relevant to needs of communities in the North Country.

Preparation of Development Plans: By working over time to complete components of the Development Plan (in accordance with RSA 36:45), the Council will be in a position to make specific recommendations on how the communities in the Region can develop and prepare for future growth. During 1977, much progress has been made in the areas of Land Use, Housing, and Economic Development.

Participation in National and State Policies: NCC responds to opportunities to present a North Country perspective before federal and state agencies. NCC has also worked with the NH Department of Public Works and Highways to encourage the Department to make improvements to US 302 from Woodsville to Littleton. As a body representative of local government, NCC provides a local response to state initiatives on "208" Water Quality, Solid Waste, and Safe Drinking Water Standards.

Education and Training Programs: NCC again co-sponsored the six Municipal Law Lectures in the Fall and the second statewide Annual Meeting of Regional Planning Commission members. A special workshop for applicants of Round 11 of the Local Public Works Act was held in conjunction with EDA officials from Concord and Philadelphia.

In 1978, the Council will be available to work with the town and other appropriate groups to help implement some of the recommendations contained in the Plans. Ideas and suggestions on how the Council can be of greater assistance are appreciated. The Council greatly appreciates the support it receives from the towns, knowing that the support will enable it to provide continued service to the area in the future.

Respectfully submitted,

Mary Sloat
James Doolan
NCC Representatives

REPORT OF DISTRICT FIRE CHIEF
AND TOWN FOREST FIRE WARDEN

Forest fire control in New Hampshire is a joint state and town/city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of 1/4 of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between towns/cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

1977 FOREST FIRE STATISTICS

	No. of Fires	No. of Acres Burned
State	1,091	2,386

GOVERNOR 'S COUNCIL

REPORT FOR 1977

As Executive Councilor for District One which covers 62% of the State of New Hampshire (102 towns and 3 cities), I am pleased to submit this short report to the citizens of your town.

The Executive Council of New Hampshire is elected from five districts portioned by population. The work of the Council has been described as similar to that of a board of directors for State business. The New Hampshire Constitution provides that the Council shall from time to time advise the Governor in the affairs of State. State law as passed by our General Court mandates much of State government to be acted upon "with the advice and consent of the Council."

Our meetings in the State House Council Chambers are open to the public, and I would welcome having any citizens from our District attend any of the meetings.

The responsibilities of the Governor and Council are so diversified as to defy any attempt at exact classification. Their activities extend to the appointment of certain public officials, to a general supervision over State departments, to State expenditures, to pardon matters and to a variety of other duties. . . State officials and employees, State fiscal matters, pardons, commutations and reprieves, eminent domain and related responsibilities, State contracts and leases, public waters, State industrial and recreational interest and miscellaneous responsibilities.

From time to time, as Councilor if I can be of help to cities, towns, counties, agencies and individuals, I stand ready to do so especially if the problem or concern has to do with State government. However, as many of you know, much of our government, at the local level, is funded by not only local dollars but State and federal monies are many times involved which means that several levels of government are involved. In such cases we must turn to our local town administrative assistants, regional planning commissions, county officials and others for help and guidance.

I can generally be reached by writing or calling my home office (R. F. D. #1, Woodsville, N. H., 03785, telephone, 603-747-3662) or in care of the Executive Council Chambers (State House, Concord, N.H., 03301, telephone 603-271-3632).

Raymond S. Burton,
Executive Councilor
District One

N O R T H U M B E R L A N D
H O U S I N G A U T H O R I T Y

REPORT FOR 1977

In January, the Northumberland Housing Authority entered into an Annual Contributions Contract with the federal government under which the Authority will receive the money needed to make housing assistance payments on behalf of lower-income elderly families and individuals who will occupy the apartments now being built on Melcher Street. At this writing, the owner of the Melcher Street apartment complex (Bart, Inc. of Berlin) reports that is expects the units to be ready for occupancy in the spring of 1978. Twenty of the 24 apartments being built by the Berlin corporation will be one-bedroom units, while the remaining four will be two-bedroom units.

To be eligible for rental assistance from the Authority, a two-person family's total annual income may not exceed \$7,800; a single elderly person may not have a total income in excess of \$6,800 per year (income limits in effect as of December 31, 1977).

The housing assistance payment made by the Authority on behalf of a lower-income elderly family or individual will equal the difference between the lease rental for a unit and the household's portion of said rental. In most cases, the household's contribution will amount to twenty-five percent of its monthly income after allowances. If, for example, it is determined that the household's required monthly contribution is \$80 and the lease rental is \$200, the housing assistance payment made on behalf of the household would be \$120. Both the tenant household and the Authority will pay their respective portions of the lease rental directly to the owner. All lease rentals at the Melcher Street apartments will include heat, hot water, electricity, a range and a refrigerator.

BART will be responsible for determining the eligibility of applicants, selecting tenants from among those eligible, and computing the amount of each tenant household's monthly contribution. Operation and maintenance of the apartment complex will also be the owner's responsibility. It will be incumbent upon the Authority to see that the project is operated and maintained in accordance with the terms of a Housing Assistance Payments Contract between BART and the Authority. This contract will be entered into upon completion of the apartment project and its acceptance by the government.

The Authority maintains an office on the second floor of the Peoples National Bank Building, Two State Street, Groveton, N.H. and employs Donald Manging, director of the Berlin Housing Authority, as its secretary. Regular meeting of the Authority is held on the first Tuesday of each month at 7:00 P.M.

T A X M A P P R O J E C T

PROGRESS REPORT FOR 1977

The tax mapping project is proceeding according to schedule. All property owners have been contacted and requested to help with information about their land. The mapping company has developed preliminary maps and page layouts and has compiled a master list of all owners. They are now cataloguing all information received in legal size folders. In the next year, they will be doing final research, measuring the roads in town, and making base maps in preparation for compiling. If you have not responded to the questionnaire, it is not too late to do so. If you bring the information to the town office, it will be forwarded to the mapping company or you may send it directly to them. All information will be appreciated and will result in more accurate maps.

GROVETON YOUTH CENTER - 1977

The Groveton Youth Program got off to a flying start last summer under the direction of Bob Mills, Program Director, and his staff. We were fortunate to have the services of many fine college students along with Mr. Russell Partridge, Pool Director.

Little League baseball, consisting of three teams, played an active schedule. It was disappointing to all the boys to lose in the Lyndonville tournament but, on the bright side, our best players are returning for another year. A suggestion has been made to start the Little League program in May this year. If sufficient parental support is forthcoming, the Committee will gladly consider this program expansion.

Arts and Crafts, under the direction of James Marshall, moved into the new recreation building and provided a well rounded, enthusiastically accepted crafts and games program. The building adapted well to the needs of the program. The young children enjoyed the new playground area with the new slide, jungle gym climber, and bouncing rides. Several suggestions have been made to improve the building which are being considered. Several exchange programs were held with Whitefield, Lancaster and Littleton. Our track team finished second in a five town North Country track meet! Congratulations to those who participated! The Babe Ruth and Little League players (over 40) traveled to Montreal to see the Expos and San Diego Padres. It was a great trip.

The Committee was very pleased to note the improvement in activities at the swimming pool. A swim team was organized and participated in a meet with Lancaster. It is hoped this team can be supported in the future as this is a most worthwhile activity. There continues to be progress made in the number of children who participated in swim lessons. There were no serious accidents or incidents at the pool this year. Both the swimmers and the staff are to be commended. The Committee would like to thank John Pepau and his crew for their attention to the maintenance of the pool.

Considerable work was completed at both the State Street field and Centennial Field last summer. Both fields were fertilized and seeded early in the year and both infield sections were built up and graded by Dolly LaRoche and his crew. The new hockey rink was painted inside and out and new recreation equipment was installed on the playground.

The Recreation Committee recognizes the problems with the hockey rink location. However, adequate space for a rink that size does not exist at the State Street field. We are currently looking at a reduced sized rink which could be used for both recreation and hockey such as the Town of Littleton is using. We are sure there will be considerably more discussion before any decisions are made to change the current location.

Quotations have been obtained and we are ready to proceed on the construction of the new tennis court and outside basketball court as soon as the weather breaks.

A very successful Halloween Party and dance was held at the Ryan Gym. The band, "Cherry", seemed to play the music the kids wanted much to the chagrin of the chaperons! Cider and donuts were served to over 300 in attendance.

A considerable amount of money has been spent for both recreational

skating and hockey. The rink was open by mid-December last year with good ice conditions. It is much more difficult to make good ice at the hockey rink due to the size of the area and the difficulty in clearing the snow. The town should consider hiring a person whose duties would be to make ice, clear the rinks, and supervise the skating program. This would be less expensive than hiring a contractor to do this job.

I N F O R M A T I O N P E R T A I N I N G T O
K E E P E R S O F D O G S

Many new laws were passed in 1977 pertaining to dogs. This is to inform you of the laws, the increase of fees and the cost of offenses.

Every keeper of a dog three months old or over shall annually, on or before April thirtieth license their dog in the office of the town clerk. A tag will be furnished which shall be worn by the dog. Before a license is issued, the keeper of the dog shall furnish to the clerk a certification that said dog has been vaccinated against rabies. The fee for every license for a year shall be \$3.50 for a neutered male or spayed female dog: \$6.00 for an unneutered male and \$6.50 for an unspayed female dog. If said dog has been neutered or spayed a certificate from the person performing the operation must be furnished to the clerk. Kennel licenses are also available for keepers of 5 or more dogs, with proportionate fees. There is an additional fee of a dollar for each month's delay in licensing a dog after June 1st.

A dog will be deemed a nuisance if it barks for sustained periods of time, or during the night hours as to disturb the peace and quiet of a neighborhood area; if it digs, scratches or excretes or causes waste or garbage to be scattered on the property of other than its owner; if it is permitted to run at large or to be off the premises of the owner; and if in heat it is used for hunting. A dog shall be deemed a menace if it growls, snaps at, runs after or chases any person bicycle, motor vehicle, motorcycle or other vehicle being driven, pulled or pushed on the streets, highways or public ways. A dog shall be deemed vicious, if, whether alone or in a pack with other dogs, it bites, attacks or preys on game animals, domestic animals, fowl or human beings. The fines for these offenses are: nuisance \$10.00, menace \$15.00 or vicious \$25.00. Notices of offenses are given by the police department, payable at the office of the town clerk within 4 days of the given notice.

The selectmen of each town annually within ten days of June 1st, issues a warrant to the police department directing them to proceed forthwith either to collect the fees due or cause to be killed all dogs not licensed.

GROVETON'S NEW RESERVOIR

TOWN WARRANT

TOWN OF NORTHUMBERLAND THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Northumberland qualified to vote in Town affairs:

You are hereby notified to meet at the Groveton High School Auditorium in said Town on the second Tuesday in March next, March 14, 1978, to act upon the subjects hereinafter mentioned. You are hereby warned that on said date and place the polls will be opened at 10:00 o'clock in the forenoon and will remain open until 6:00 o'clock in the afternoon for the reception of your ballots under the Non-Partisan Ballot System, (Articles 1, 2, 3, 4, 5 and 6). You are also hereby warned that on said date and place at 7:00 o'clock in the evening the matter of appropriations and such other business properly coming before said meeting will be taken up for your consideration and action.

ARTICLE 1. To choose by ballot the following Town Officers for the ensuing two years; one Auditor, one Moderator and one Supervisor of the Check Lists.

ARTICLE 2. To choose by ballot the following Town Officers for the ensuing three years: one Selectman, one Town Clerk, one Town Treasurer, and one Library Trustee.

ARTICLE 3. To choose by ballot two Trustees of the Trust Funds, one for two years and one for three years.

ARTICLE 4. To vote by ballot to see if the Town will discontinue the use of flouride in its water system. (Inserted by petition of 280 voters)

ARTICLE 5. To vote by ballot to see if the Town will adopt the provisions of RSA 72:43-B and 43-C for Expanded Exemptions on Real Estate which provides for a resident 65 years of age up to 75, a \$5,000 exemption; a resident 75 years of age up to 80, a \$10,000 exemption; a resident 80 years of age or older, a \$20,000 exemption. Provided that the resident owns the real estate individually or jointly with another or his spouse with whom he has been living for at least 5 years as man and wife; said resident had a net income of less than \$7,000 or combined income with spouse of less than \$9,000; and owns assets of any kind, tangible or intangible, less bona fide encumbrances, not in excess of \$50,000. (Inserted on petition of 13 voters)

ARTICLE 6. To vote by ballot to see if the Town will vote to raise and appropriate the sum of \$161,000 for the purpose of financing and constructing a sewer collection line, pumping station, and such other related facilities including land acquisition, easements and Rights-of-Way as are required. Said line to be constructed from its present end on State Street, proceeding north on Route 3, a distance of approximately 2600 feet. Such sum to be raised by the issuance of not exceeding \$161,000 in Serial Bonds or Notes

under and in compliance with the provisions of the Municipal Finance Act (Chapter 33 of the N. H. Statutes Annotated and any amendments thereto) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect issuance, negotiation, and delivery of such bonds or notes as shall be in the best interests of the Town of Northumberland and pass any vote relating thereto. (Inserted on petition of 23 voters)

ARTICLE 7. To see if the Town will appropriate \$5,464 of Federal Anti-Recession funds to help maintain present level of employment for snow removal.

ARTICLE 8. To see if the Town will vote to appropriate up to \$6,000 of Federal Anti-Recession funds which may be received for the purpose of maintaining or increasing employment for services delivered under budget heading "Summer Maintenance."

ARTICLE 9. To see if the Town will vote to affirm the Selectmen's action in accepting a gift from James C. Wemyss, Sr. of 200 additional shares of Diamond International Common Stock for transfer to the Groveton Foundation when possible, with the income to be used for Senior Citizens purposes.

ARTICLE 10. To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972 for use as setoffs against budgeted appropriations for the following specified purposes, and in amounts indicated herewith or take any other action hereon:

Appropriation	Amount
Police Department	\$10,000
Public Library	7,500
Parks & Playgrounds	7,500
	<u>\$25,000</u>

ARTICLE 11. To see what sums of money the Town will vote to raise and appropriate to defray the following Town charges for the ensuing year: (1) Town Officers' Salaries; (2) Town Officer's Expenses; (3) Election and Registration; (4) Municipal Court; (5) Town Hall & Other Buildings; (6) Retirement and Social Security; (7) Police Department; (8) Fire, including Forest Fire; (9) Blister Rust and Care of Trees; (10) Planning & Zoning; (11) Insurance; (12) Civil Preparedness; (13) Damage & Legal Expenses; (14) Health Department: Hospital, Mental Health, Ambulance & Nursing Services; (15) Dump Maintenance; (16) Town Maintenance - Summer; (17) Town Maintenance - Winter; (18) Town Road Aid; (19) Street Lighting; (20) General Expense Highway Dept.; (21) Street Maintenance; (22) Sidewalk Maintenance; (23) Public Library; (24) Old Age Assistance; (25) Aid to Permanent and Totally Disabled; (26) Town Poor; (27) Memorial Day & Vets Assns.; (28) Parks & Playgrounds; (29) Senior Citizen Services; (30) North Country Council & Alpha House; (31) Cemeteries; (32) Advertising & Regional Assns.; (33) Gasoline Purchases/Sales;

(34) Sewer Department (Fees); (35) Water Department (Fees);
(36) Interest on Sewer Bonds; (37) Sewer Bond Principal.

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$100 for a street light to be placed on the last pole on Maple Street. (Inserted on petition of 16 voters)

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$1,700 as its share of the Roaring Brook Flood Prevention project in conjunction with the U.S. Corps of Army Engineers.

ARTICLE 14. To see if the Town will vote to accept a deed covering the extension of Wemyss Drive, such roadway to become part of the public road system of the Town of Northumberland. (Inserted on petition of 12 voters)

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of \$115,006.88, together with any interest accrued thereon, from the separate water and sewer account (said sum being the amount of the net settlement received from EPA on the Town's Sewage Abatement Project) for use by the Selectmen toward the expense of study, planning or construction, or any combination thereof, of the storm drainage system for Groveton Village, the sewage disposal system for Northumberland Village and the water system for Northumberland Village, and further, if appropriate, to use said sum as matching funds for any monies obtainable for such purposes from any state or federal source, the Selectmen being hereby authorized to make application for funds for such purposes to any state or federal agency.

ARTICLE 16. To see if the Town will vote to establish a scale of discounts for the prepayment of real estate taxes. The scale of discounts to be as follows: 3% if paid on or before June 1, 1978; 2% if paid on or before August 1, 1978; and 1% if paid on or before October 1, 1978. Discount will be allowed on \$100 minimum payment.

ARTICLE 17. To see if the Town will vote to instruct the Selectmen to administer or dispose of any real estate acquired by Tax Collector's Deeds.

ARTICLE 18. To see if the Town will vote to instruct the Selectmen to appoint all other Officers as required by law.

ARTICLE 19. To hear reports of agents, auditors, committees, or other officers heretofore chosen and pass any vote relating hereto.

ARTICLE 20. To transact any other business that may be legally brought before said meeting.

Given under our hands and seal the 22nd day of February, 1978.

SCHOOL WARRANT
STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of Northumberland
qualified to vote in district affairs:

You are hereby notified to meet in Groveton High School Gymnasium in said district on Saturday, March 18, 1978, at 2:00 o'clock in the afternoon to act upon the subjects hereinafter mentioned. The polls will be open at said place and date from 2:00 o'clock in the afternoon until 5:00 o'clock in the afternoon for the reception of your ballots under the non partisan ballot system; furthermore you are hereby warned that on said date and place, at 2:30 o'clock in the afternoon the matters of appropriations and such other business properly coming before said meeting will be taken up for your consideration and action.

1. To choose by non partisan ballot the following district officers for the ensuing year; a moderator, a district clerk, a district treasurer, two auditors and one member of the school board for the ensuing three years.
2. To hear reports of agents, auditors, committees, or officers heretofore chosen and pass any vote relating thereto.
3. To see if the district will vote to accept the provisions of Title I, Public Law 89-10 (Elementary and Secondary Education Act of 1965) and to appropriate such funds as may be made available to the district under said Federal Act for the particular projects as may be determined by the school board. (Estimated Expenditures \$15,000. - Estimated Receipts \$15,000). Further, to see if the district will authorize the school board to make application for such funds and to expend the same for such projects as it may designate.
4. To see if the district will vote to accept the provisions of the Federal and State School Lunch and Special Milk Program, (Estimated Expenditures \$20,000. - Estimated Receipts \$20,000) and to appropriate such funds as may be made available to the district under such programs as may be determined by the school board. Further, to see if the district will authorize the school board to make application for such funds and to expend the same for such programs as it may designate.

5. To see if the district will authorize the school board to make application for, to receive and expend in the name of the district such Federal and/or State Funds as may be made available for the renovation, improvement and/or additions to our existing buildings and sites as the board may approve.
6. To see if the district will authorize the school board to make application for, to receive and expend in the name of the district such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. Government and/or State Agencies.
7. To see if the school district will vote to transfer to a capital reserve fund established for the purpose of replacing or improving its heating equipment and/or systems, or to make major capital improvements, a sum not to exceed \$5,000. from its unencumbered surplus funds remaining at the end of the fiscal year and that the school board be authorized as agents to determine when such funds may be expended.
8. To see if the district will vote to raise and appropriate \$15,000. for the purpose of making repairs and improvements to our school buildings. Further, to see if the district will authorize the school board to expend such funds as it may designate.
9. To see if the district will raise and appropriate \$1,000. toward the support of the ski program.
10. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries of school district officials and agents and for the payments of the statutory obligations of the district.
11. To transact any business that may lawfully come before said meeting.

Given under our hands at said Northumberland this 1st day of March, 1978.

GROVETON ELEMENTARY SCHOOL
PRINCIPAL'S REPORT

The school year 1977-78 began with an enrollment of 348 pupils in grades K-6. During the summer of 1977, several repair and remodeling projects were completed at the elementary school building. The work included new shingles and flashing on the roof, painting to the outside of the building, repair work to the windows, repairs to the fire escape and rewiring. There are several other repair projects to be completed in the future. They are to repair and replace blackboards, complete the rewiring, repair or replace classroom ceilings and other types of general maintenance work to the building constructed in 1907.

Twelve classrooms are located at the elementary school building. To accommodate the enrollment we have a second grade classroom and a fourth grade classroom at the Methodist Church. The kindergarten classroom and another second grade are located at St. Francis. About one hundred children are located in rented facilities. In addition we rent space at the Methodist church for remedial reading, a Title I program, and our special education resource room. Although these arrangements are not ideal, the programs are functioning very well. Other space problems at the elementary school are as follows: lack of storage area at the cafeteria, very small library-media room, lack of space for a band and music room, and finally we have a very limited playground space.

The elementary school curriculum includes programs in language arts, mathematics, science and social studies. To provide a balanced program of experience to boys and girls we also offer art, music, and physical education. In addition to the above programs, our school provides library services, health services, remedial reading, speech therapy, special education, and a Title I program. During the school year a committee of staff members will review the social studies, science, and language arts curriculum.

Our Title I program is a federally funded program for thirty children in grades K-6. The program provides tutoring to pupils in the area of language arts (reading, spelling, writing, and mathematics). The pupils are instructed for about thirty-five minutes in small groups. The program, now in its fifth year, is constantly changing to reflect the needs of the children as seen by the parents, teachers, and communities.

P.L. 93-380 and P.L. 94-142 guarantee the right for free and appropriate education for all handicapped children. Our school district has adopted a plan to provide programs for handicapped children. The plan provides for a special education placement team to make a decision for placement based upon diagnostic information obtained through certified personnel. Parents must give written consent for placement. At the present time we have two programs at Groveton Elementary School. Our resource room provides a program to about twenty children. The twenty children are placed in regular classrooms with special programs and materials. The children are scheduled for periods of time with the special education teacher at the resource room depending on the needs of the student. Our second special education

program started in September. This room is a self-contained special education classroom with a staff of one teacher and one aide. Children attending this classroom previously attended school in Berlin. We are now providing a program and service for eight children from Supervisory Union 58 in the self-contained room.

The school continues to receive services from the North Country Education Service. Our speech therapist is contracted from N.C.E.S. and is at Groveton 2½ days a week. This is a very valuable service to our school program.

N.C.E.S. also provides our school with a vast library of media materials for classroom use such as films, filmstrips, and education programs and materials. N.C.E.S. also provides this area with many courses, workshops, and conferences for staff development programs.

The Experimental Schools Project is in the final year. The school is implementing and integrating lessons, programs, and materials in our curriculum in the areas of career education, language arts, and environmental education. During the five years the E.S.P. developed programs, in-service workshops, and materials for classroom use in grades K-6.

With a Title IV project, the school purchased for classroom use science and language arts materials to use for accelerated programs in grades four to six. Among the materials purchased were a microscope, science reference books, reading and writing kits to use in the classroom for the above average students.

THOMAS MONAHAN,
PRINCIPAL

GROVETON HIGH SCHOOL
PRINCIPAL'S REPORT

At the time of this report, our enrollment in grades 7 through 12 is as follows:

Grade 7	-	77
Grade 8	-	69
Grade 9	-	72
Grade 10	-	68
Grade 11	-	61
Grade 12	-	51

We have several new staff members this year, to include Miss Beverly Hart, Mathematics; Mr. Matthew Tremer, Mathematics; Miss Mary Gavin, Physical Education; Mr. Charles Matott, Business Education; and Mr. Waldemar Frank Faron, Science.

With the E.D.A. funding for additional industrial arts space, our crowded situation will ease somewhat. The full effect of this additional space shall not be realized until renovations to the existing structure can be completed.

This year all course offerings are leveled and rank in class will be computed with a weighted grade system. This system will reward students by giving credit points to students who select more difficult courses.

With our New England Association of Schools and Colleges self evaluation coming next year, we are now forming committees for the self-evaluation process. The Steering Committee will be chaired by Mr. Bailey. The first committee to begin work will be the philosophy committee.

Our external programs (Berlin High School Vocation Programs and our Building Trades) are going very well. There are thirty-six youngsters in these programs.

The results of the ASVAB test administered this fall indicate that our students are in the upper quartile in this particular exam.

The extracurricular activities program is well underway with a large percentage of youngsters participating in activities.

WARREN BOUCHARD,
Principal

SUPERINTENDENT'S REPORT

The principals have touched upon some of the highlights of their activities both new and the continuing programs.

The two major challenges which face the district are providing adequate facilities and providing programs and services for children with special needs to meet both our expectations and the requirements of state and federal legislation. We started early on meeting special education requirements but are currently limited by the physical facilities in trying to expand and complete our plans.

We were fortunate in receiving an EDA grant to expand our high school plant but due to inflation, time delays and the increased costs of federal funded construction, we are not able to complete the planned renovations to the existing building. Overall space restrictions will be eased by the new addition.

Next year the high school staff will be working on their New England Association of Schools and Colleges self evaluation forms preparing for a visiting committee in the fall of 1979.

Last year the school board signed their first negotiated salary agreement with the Groveton Teachers Association. The agreement was for two years and will carry through the 1978-79 school year. During the next fiscal year negotiations for a new contract will again take place and we hope that it will be as satisfactory as the original process last year.

During the next few months some very important planning processes will be taking place.

- (1) Completing an energy conservation survey and plan for our facilities and a plan to make our facilities and programs accessible to the handicapped.
- (2) Rewriting district goals and developing a system to evaluate performance as it relates to those goals.

Once again I wish to thank the staff, students, and citizens of Northumberland for your cooperation and support throughout the year.

RESPECTIVELY SUBMITTED,

ALAN E. RICH,
SUPERINTENDENT OF SCHOOLS

EXPERIMENTAL SCHOOLS PROJECT (ESP)

Dr. Richard Peters, Director

Mary Ann Haney, Secretary/Bookkeeper

Summary of ESP Activities 1977

When funded by the National Institute of Education (Washington, DC) the local Experimental Schools Project was charged with *the development of a community centered school which:*

- a. *utilizes available human and natural resources to foster positive attitudes toward learning;*
- b. *provides individuals with the basic psychomotor skills which will enable them to realize personal goals; and*
- c. *utilizes community resource facilities as a basis for lifetime learning opportunities.*

Calendar year 1977 constitutes the last full year of ESP in Union 58. Come July 1st (1978) the local project will have been completely phased out and federal funding will end.

During 1977 the project staff consisted of a project director and a full-time secretary/bookkeeper as well as coordinators in career/vocational education and language arts/environmental education.¹

ADULT EDUCATION

The ESP program began its funding of adult education classes in Fall 1973 and continued that activity through 1976. In early 1977 the local schools began funding a number of adult classes for local community members.

CAREER/VOCATIONAL EDUCATION

From January-September the project provided a component coordinator to assist teachers in the implementation of career education for Kindergarten through grade twelve students.

The project purchased instructional materials for placement in the several resource rooms. Teachers and students have used these items repeatedly over the course of 1977.

The career/vocational education coordinator placed students at area worksites - with the approval of the state labor department - such as: Weeks Memorial Hospital, Colebrook Hospital, Northumberland/Stratford Trust building trades housesite, Ryan's Fuel Service, and Manchester Manufacturing.

High school students were enrolled in several career/vocational education mini courses for purposes of skills training. The courses included small engine repair, hunter's safety and firearms, and introduction to the building trades.

Elementary and secondary grade students were taken on several field trips for purposes of career awareness and exposure to diverse occupations and careers. Community resource people also visited classrooms as career guest speakers.

LANGUAGE ARTS

The ESP purchased Scott, Foresman leveled reading series was used in Union 58 classrooms (K-6) as the basic reading program.

The ESP communications skills list was revised and is being used by many teachers. The sequential skills list provides the opportunity

¹ The language arts/environmental education coordinator's position was funded through June 30, 1977. The career/vocational education coordinator resigned in September and no replacement was hired for the remainder of the 1977-1978 school/project year.

for students to receive basic language arts training through the several grades without excessive repetition. Rather, it provides for a progressive skills building process.

Instructional materials have been purchased by ESP and placed in the several resource rooms for teacher use with students.

Issues of Kid's Corner were published in order to give K-6 students a chance to display/share their writing and drawing talents with others.

ENVIRONMENTAL/OUTDOOR EDUCATION

From January-June the project provided a component coordinator to assist teachers in the implementation of environmental education for Kindergarten through grade twelve students.

The project purchased instructional materials for placement in the several resource rooms. Teachers and students have used these items repeatedly over the course of 1977.

Elementary and secondary grade students were taken on several field trips for purposes of exposure to the community environment. Community resource people also visited classrooms as guest speakers.

In the Spring of 1977 the ESP project sponsored weekend daytrips and overnight camping/hiking trips for students. In Fall 1977 building level outing club members were involved in a few weekend trips sponsored by the local schools.

With the phase-out of ESP it is the project staff's hope that curriculum changes initiated over the past four years will be continued in the schools by a teaching staff committed to educational excellence for all students.

Respectfully submitted,

RICHARD PETERS, DIRECTOR
EXPERIMENTAL SCHOOLS PROJECT

REPORT OF SCHOOL NURSE

1976 - 77 SCHOOL YEAR

Height, Weight, Vision, Hearing - 740 students; Physicals - 216 students; First Aide - approximately 200 - approximately 400 seen; Dental Exams - 207 students.

Referrals: Vision - 39 students, Hearing - 32 students, Cardiac - 2 students, Orthopedic - 2 students, Other - Skin - 1 student, Nutrition - 1 student, Elevated blood pressure - 4 students

Pre-School Registration - 29 students; Pre-School vision and hearing - 21 students; Pre-school physicals - 23 students; Pre-school immunization - DPT 16 students;

Programs -

Self awareness-

"There's a New You Coming" for the Girls. Grades 5-6

Slymnastic and Sensible diet for boys and girls in High School with the Physical Education instructor - 20 students

T.B. testing - All the Seniors and all students at the Elementary School who had not had the test. - 103 students

T.B. test survey done on Staff - All of those not tested in the past three years were tested. - 36 staff members

Measles Survey done and those found to need immunization were innoculated. 11 students

Dental Clinic - 48 students

Immunization Survey done - A clinic should be held in the Fall.

Respectfully Submitted,

JUNE PARTRIDGE, R.N.
School Nurse
